KUGOWN- Operational
News Material for [redacted]CE

REF: GUAT 301

1. Believing that procurement now by [redacted] of press-wire service would attract undesirable attention to his operation, we recommend that he assimilate news from DIARIO LA [redacted]RICA, a Spanish-language daily published in Miami, and from Visión and Tiempo, both Spanish-language weeklies.

2. As viewed from LINCOLN, any loss in timeliness will be inconsequential in terms of his ultimate product.

3. Presumption is made that [redacted] has the capability to obtain copies of or subscriptions to the above-mentioned commercial publications without excessive difficulty. Otherwise, LINCOLN will undertake to pouch them weekly.
